## Business Description and Key Statistics

Supply@ME Capital plc is a United Kingdom-based independent fintech company providing an inventory monetization service. The Company provides a platform for use by manufacturing and trading companies to access inventory trade solutions enabling their businesses to generate cashflow, via a non-credit approach and without incurring debt. This is achieved by their existing eligible inventory being added to the platform and then monetized via purchase by third party inventory funders. The inventory to be monetized can include warehoused goods waiting to be sold to end-customers or goods that are part of a typical import/export transaction. The Company's platform is built in an MS Azure environment with in-built cloud monitoring and security packages to ensure all data controlled and processed is done safely and securely. Its platform is built in a modular format that allows for white labelling, where an institution can deploy all or some of the modules as required to suit their needs.
